Subject Re: IDS Draft for 57718US002 - Please reply ASAP

Steve,

Re. Stephanie's 57718US002-1449. I presume these references were from the original art search and/or the PCT Examiner's search report, so I would go along with them.

I suggest the references cited in 58848, 59374 and 59375 should also be included in the 57718 IDS.
These are marked "X" in the PPS Reference Index - 1449s:

PPS Reference Index-IDS 1449s 6-14-05.xls

Do you agree?

Regards,

Paul Davies
